BACKGROUND INFORMATION

ZARA Charity is a non-governmental organization founded by **ZAINAB ANSELL** and **ROGER ANSELL** established since 15/06/2009 under non-governmental organization act 2002 section 12(2) of act no. 24, the organization aims at supporting vulnerable groups in the community. Zara Charity plays a vital role to enhance community economic development especially by supporting vulnerable groups in the community, such as orphans, the Masai women group and poor people, such as porters who climb Mount Kilimanjaro and Mount Meru through various community projects as follows:

- ◉ **Mount Kilimanjaro porters society**
- ◉ **Kilimanjaro orphanage centre**
- ◉ **Masai women group**
- ◉ **Ngorongoro marathon project**

STATEMENT OF THE PROBLEM

In the communities of Northern Tanzania, there has been insufficient education efforts and institutional development for the Maasai to understand and benefit from educational achievement. Typically, Maasai children enter First Grade at age seven without prior exposure to classroom-based teaching, without basic skills, such as counting and writing, typical among other Tanzanian children, and without an understanding of Swahili, which is the only legally permitted language, other than English, in schools. They are set up for failure from the beginning; not surprisingly, many drop-out before the end of Primary School, and almost half do not pass the Grade 7 exams, which are critical to entering Secondary School. Consequently, as compared to other communities throughout Tanzania, the Maasai have far less children succeeding at all levels in school.

A CLASSROOM IN MASAI COMMUNITY

STATEMENT OF THE PROBLEM PROCEEDS

The result is that the Maasai are poorly represented in jobs of influence; for example there are relatively few Maasai teaching in the local schools, and there are even fewer working in local health clinics or conducting social services. Maasai are also under-represented in local governing bodies; many District levels positions related to land, livestock, natural resources, etc. are filled by non-Maasai, who sometimes make decisions on behalf of the community with little knowledge about and/or prejudice against it!

It's well-recognized that early education opportunities, such as pre-school, contribute to educational development and enhance school achievement later. If Maasai children get pre-school opportunities where they can learn some Swahili, gain exposure to a classroom environment, and learn basic skills, they'll be better prepared for Primary School, their families will be more supportive of formal education,, and the children will stay in school longer and do better!

ZARA CHARITY MAIN GOAL

This proposal aims at rising the necessary funding to construct a pre-school, and increase the ongoing Zara Charity programmed, to purpose built premises from where we will be able to assist more children by offering additional skills though training. This new pre-school will make a durable change to the lives of many children who are trapped by present circumstances and will be a sustainable long-term project.

BUDGETING AND FUNDING

BUDGETING FOR CONSTRUCTION OF THE PRE-SCHOOL

1- KITCHEN AND DINNING	=99 SQUARE METER	TSH	UDS
CONSTRUCTION OF 1SM	=300,000X99	29,700,000	18,563
2- TOILETS	=26.73SQUARE METER		
CONSTRUCTION OF 1SM	=300,000X26.73	8,019,000	5,012
3- CLASSROOM AND OFFICE	=145.464 SQUARE METER		
CONSTRUCTION OF 1SM	=300,000X145.464	43,649,200	27,281
GRAND TOTAL		81,368,200	50,856

COST ANALYSIS

This cost include the followings:-

1. Transport of all the material to about 50km
2. Water
3. Security
4. Base camp
5. Pack fees for labors and vehicles
6. Wages for labors

Also you can choose among the three category which you want to get done
